

Stakeholder - Workshop

November 4 – 5th 2009
Brussels

“Testing of CBRNE detection equipment” Final Programme

Poster session

Testing facilities can present themselves on posters, which will be exhibited during both days. On the second day experts will be available at their poster for questions during the extended after-lunch coffee break.

Size of posters: A1. (Handouts outs in A4 are very welcome)

There is no conference fee.

There are no pre-booked hotels, please make your travel arrangements individually.

Meeting Location and Room numbers (see attached file map.pdf)

for Nov. 4th 2009: **Centre Albert Borschette**, (Rue Froissart 36)
Room 2A

for Nov. 5th 2009: **Charlemagne Building**, (Rue de la Loi/Wetstraat 170)
Salle Lord JENKINS

For Accessing the Building

PLEASE BRING YOUR PASSPORT AND INVITATION LETTER !

Invited Dinner

Nov. 4th, 2009, 20:00

Hotel Leopold, Rue du Luxembourg 35, 1050 Bruxelles

Day 1: Stakeholder views: End-user needs, improve market conditions, foster communication between end-users and testers

Centre Albert Borschette Room 2A, Rue Froissart 36

- 09:00 – 10:00: Registration
- 10:00 – 10:10: Welcome from Organizers, Agenda of Day 1
- 10:10 – 10:30 CREATIF – why do we need a network? (Strebl)
- Session 1: Stakeholders' views and needs on testing of CBRNE detection equipment. (Moderator: Broekhuijsen, Rapporteur: Kieboom)**
- 10:30 – 10:40 Introduction of speakers on panel
- 10:30 – 11:30 Presentations from End-users
London Metropolitan Police, T. Craik
Austrian Red Cross, C. Gärtner
Swedish First Responders – Summary from FOI
- 11:30 – 11:50 "A Manufacturer's view". Smiths Detection, P. Pashby
- 11:50 – 12:30 Panel discussion on Stakeholder needs and views on Testing of Equipment and Standardization
- 12:30 – 13:45: *LUNCH BREAK*
- Session 2: Typical scenarios for application of CBRNE detection systems. Example– Airport CBRNE security (Moderator: Ewert, Rapporteur: Beckmann)**
- 13:45 – 13:55 Introduction of Session 2
- 13:55 – 14:45 Presentations of Airport Security Stakeholders' point of view
"CBRNE detection - An end-user perspective".
European Center for Aviation Development, T. Hecker
"Test and Evaluation of Aviation Security Equipment in Germany".
German Federal Police Technology Center, R. Weinzierl
- 14:45 – 15:00 Messages from the CREATIF advisory committee of Stakeholders
(Questionnaire Results – Schröttner)
- 15:00 – 15:20 Panel discussion on the role of testing centers to mediate between different stakeholders, certification of equipment
- 15:20 – 15:45 *COFFEE BREAK*

Session 3: The European perspective: CBRNE detection equipment testing and standardisation (Moderator: Foghelin; Rapporteur: Schröttner)

15:45 – 15:55 Introduction of Session 3

15:55 – 17:00 The European view-point on the future of testing.

“Security research related to CBRNE and testing/certification”
DG-Enterprise, C. Williamson

“Relevant EDA activities in the area of CBRN T&E standardisation”
EDA - European Defence Agency, H. Davies

“European Reference Network for Infrastructure Protection”
JRC, Institute for the Protection of the Citizens, M. Jannssens

17:00 – 17:30 Panel Discussions on issues of standardization and certification to support market conditions and end-user needs

17:30 *Close session*

Day 2: Testing Experts workshop – Detection systems testing

Charlemagne Building, Salle Lord JENKINS Rue de la Loi/Wetstraat 170

Session 1: Overview about state of the art of testing CBRNE detection equipment

- 09:00 – 09:15 Plenary session to explain agenda of Day 2
09:15 – 10:00 State of the art and specifics of Testing detection systems for
Chemicals / Biological agents / Radiation / Explosives (TNO/FOI/ETBS/SL)

split in parallel sessions (C / B / RN / E)

Session 2: Practical experiences with testing of detectors and future developments

- 10:00 – 10:20 Short introduction of participants in the session (by themselves)
- 10:20 – 12:30 Technical discussion
- Specific issues of testing related to the threat
 - Availability of standard protocols for testing (incl. operational tests)
 - Where you get the agents necessary for testing detectors
 - Comparability of testing results
 - Lab tests vs. operational tests
 - False positive/False negative alarms
 - Do we need harmonization / standardization of testing, how could it work? (e.g. intercomparison exercises?)
 - For an intercomparison, Which scenarios which scenarios would you consider, which substances?
 - Do we need new – European Standard protocols?
 - How to test future detection systems? Is there a need to develop new protocols, new techniques to perform detector tests?
 - Expectations to the CREATIF Network

12:30 – 14:00 *LUNCH BREAK incl. Poster session to present testing facilities*

Session 2: continued to summarize and draw conclusions

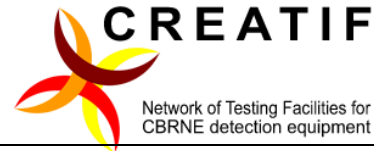

- 14:00 – 14:45 Agree on conclusions to be presented to the plenum
- 14:45 – 15:00 *Coffee Break and afterwards Meet again in plenary session*

Session 3: Results and Conclusions (in Plenum)

- 15:00 – 16:00 Presentation of results from the four working groups
- 16:00 – 16:30 Final Discussion
- 16:30 – 16.45 *Conclusions of the Workshop, Adjourn*

Stakeholder - Workshop

Nov. 4.-5.th 09; Brussels

Registration

Name:

email:

Organisation:

Date of Birth* (*necessary for access to EC-buildings)

Passport Number (or EC-ID-Card Number)*

I will participate as a stakeholder / testing expert (tick suitable)

I will participate on Day 1 (Stakeholder discussions)

Day 2 (Technical discussion)

For day 2, mostly interested in

C B R/N E

I will present a poster yes / no

if yes, Title:

I will join the invited Dinner (Nov. 4th, 20:00 h) yes / no

Date,

Signature

please print out and fax (or email a scan)

friederike.strebl@seibersdorf-laboratories.at

Fax-No.: 0043-50550-2544

Thank you, looking forward to meet you in Brussels!
